HARRISBURG, PENNSYLVANIA

# Farming & Gardening

Mar 2023

This year the LITPC is celebrating its 50th Anniversary and the Pin Traders Club of Pennsylvania will be participating in the celebration by having a five pin set of Scarecrows for trading during the Swap.

When you arrive in Harrisburg for the Swap, you will have an opportunity to purchase five of the Scarecrows for \$15.00. However, you will only receive one color of the pins. The object is to keep one of your pins and trade the others with traders who have received the different colors. This should promote true pin trading the way the LITPC envisioned it when they organized in Miami Beach at the LCI convention in 1973. Sounds like a lot of fun. HAPPY PIN TRADING!!!

## Santa Visits the Tree Farm

# Farming & Gardening

Mar 2023

Lady Bugs are actually tiny aphid-eating beetles. They are welcome on the farm and in the flower beds found around many homes in the city. This 16 pin set is offered by a group of Virginia Pin Traders. Except for the letter "G" & "A", the traders have both a large and small letter. The "G" is being shared by Lions Vicki Davies and Bill Smith. Vicki has the small one and Bill has the large one. The "A" is being shared by Lions Barbara Senecal and Doug Cross. Barbara has the small one and Doug has the large one.

The MPTC has consistently used the monkey on many of their pins. Does anyone really know why or how the little monkey became the "mascot" of the MPTC?
