

MISSOURI - MD 26

MISSOURI is in the Midwestern region of the U.S.A. with a population of approximately 5.9 million residents. The “Show Me State”, which is the nickname associated with the state, was admitted to the Union in 1821. Mark Twain’s “Tom Sawyer” and “Huck Finn” roamed the country side and became world famous. Another Missourian, Harry S. Truman has become one of the most beloved former presidents of America and his home in Independence has become a tourist attraction. Jefferson City is the capital and the first Lions Club in the state was chartered in **St Louis** in 1917.

1986 S *

* NOTE: The 1986 S was NOT issued by MD-26. A Lion, who is now deceased and just happens to be a past LITPC president. was living in Missouri at the time and proposed this pin to the Council of Governors. He mistakenly was under the impression that the Council had approved the pin and had several hundred made. only to find out later that it was not approved.

1989 P

NOTE: The three dimensional Missouri Mule pins made from 1989 through 1996, and shown in this catalog as prestige pins for those years, were actually made by a PDG in Missouri. He was an avid pin trader and most of the Missouri delegation attending conventions used his pins to trade as prestige pins. On the early pins, he did not have the words "Pin Trader". He started using that term in 1993. In any event, these pins were used as the Missouri MD-26 prestige pin for those years and are found in many MD collections as well as Pin Trader Club Pin collections

1992 S

NOTE: The 1992 S is actually a designer's proof that was made by TC Art & Craft with the name of the Lion designer on the reverse of the pin. This Lion had a significant number of the pins made since this is the color that he had proposed to the MD-26 Council of Governors (they accepted the blue background with a raised donkey on the pin). The pin accepted by the Council was made by Village.
