

## TEXAS - MD 2

**TEXAS** is in the South Central region of the U.S.A. and is the 2nd largest State in the U.S.A.. There are more than 25 million residents who are extremely enthusiastic about this place they call home. The nickname "Lone Star" reminds all that Texas was once an independent republic before joining the Union in 1845. The cowboy image of the state can be traced to its long history as a cattle-raising territory. There were 13 different Lions Clubs initially organized during the founding of Lions Clubs International in 1917.

### Volume 1

Update 02/23/2023: Added the 2024 Leo pin on page TX-18.

1955-3

These plastic items were given away by the Texas Lions during the 1940's, 1950's and early 1960's. No one in Texas seems to know the exact dates. It is pretty obvious that those with only Texas on the bar were the earlier pins. Lions was added later. A picture taken at the International Convention in New York City in 1948 shows Lions in attendance wearing the Texas boot on their vest. So we know they date back at least until that date. There are many variations in the colors and shades of the printing as well as variations in the base color of the pins. We have shown several examples here. The variations we show of the Texas gun and Texas steer are some found in a member's collection. There are undoubtedly more color variations and possibly other variations of the gun, boot and steer.
