

## WEST VIRGINIA MD 29

**WEST VIRGINIA** is in the Southeastern region of the U.S.A. and became a state when it broke away from Virginia during the American Civil War in 1863. It has a population of almost 2 million people and is known primarily for its beautiful mountains and tremendous coal mining industries. The capital is Charleston which just happens to be home to the **Charleston Lions Club** which was the first Club chartered into Lionism in 1921.

### Volume 1

WEST VIRGINIA MD 29

**NOTE:** This is a hand-carved lump of coal in the shape of the State, and was used as trading material at LCI conventions in the early 1960's.

**NOTE:** The two stickpins shown above are examples of trading material that Lions used at conventions in the late 1950's and early 1960's. They were obtained from local convention bureau's as public relations items used to attract visitors to the State.
